PROJECTS

Jjang Music | E-Commerce App UI Designer

Nov - Dec 2020

- Built high fidelity mock-ups for a mobile application that enables music fans to buy K-Pop related merch and goods. Implemented user research, wireframed and designed for website

Veg Ahead | Recipe App UX/UI Designer

Jun - Aug 2020

- Conceptualised and designed a recipe based responsive app by conducting user interviews, user testing and prototyping high fidelity UI

EXPERIENCE

Shakespeare's Globe Theatre Retail/Visitor Assistant

Dec 2014 - Present

- Aided in the visual merchandising of the theatre's store by building props and decor to correspond with the current plays, heightening customer experience and engagement during the theatre season
- Utilised customer service and interpersonal skills resulting in maximised sales within the retail department

Lakwena Artist Intern

Nov 2015 - May 2016

- Created sketches, props and mailers for a variety of Lakwena's projects to expand her brand and market appeal
- Assisted Lakwena in constructing and painting large scale murals across London
- Provided general administrative support, arranging schedules, sourcing materials and liaising with Lakwena and clients

London College of Communication, UAL Illustrator

Dec 2015 - Feb 2016

- Tasked with creating large scale illustrations for the university's magazine cover during Green Week, increasing awareness surrounding environmental issues in London
